

CRUISER MILWAUKEE, USNSCC
SAFETY PROTOCOLS – COVID 19 PROCEDURES FOR IN-PERSON DRILLS
(These comply with USNSCC COVID-19 Safety Protocols – a copy may be found on our website)

UPDATED: 09APR21

Application Period: These procedures are effective immediately and will stay in place until further notice.

Three Days prior to Drill: All Cadets must complete and send, via email, **NSCC COVID-19 Attestation Document** to the XO, WO Sawyer at tsawyer@seacadets.org. Those Cadets failing to submit this document should not come to drill. **NO EXCEPTIONS**

Time to Report:

Staff and Cadets will arrive as follows - **PLEASE PAY ATTENTION TO YOUR REPORTING TIME!**

0730 - Command Leadership

0800 - Cadets

Muster/Check-in General Instructions:

- Upon initial check-in at drill, cadets and volunteers must comply with the following requirements to be admitted:
 - Temperature of 100.0°F or lower
 - No signs or symptoms of COVID-19 or flu-like illnesses
 - No known interaction with a person with COVID-19 or symptoms thereof in the previous 14 days
 - Completion of NSCC Intake Checklist
 - Completed NSCC COVID-19 Attestation document
- Any Staff, Cadet or Volunteer who does not meet all these criteria may not participate in NSCC or NLCC activities for a period of at least 14 days from the last day of symptoms, or interaction.
- All Cadets **MUST** bring a cloth or disposable surgical mask - **NO NECK GAITERS**. It is recommended they bring two. Cloth masks should be washed after drill. Cadets should arrive with a mask around their neck and should be wearing it during the temperature check.

Screening/Drop-off Procedures:

- All cadets are to stay in their vehicle and proceed into the parking lot to an available parking spot. Staff will indicate where to go.
- Please stay in your vehicle in the parking spot until approached by our Staff.
- You will be instructed to roll down the window next to cadet.

- An adult Staff Member will take a non-touch temperature of the cadet. If the cadet temperature is above 100 degrees, or if the cadet reports any signs or symptoms of COVID-19 or flu-like illness, per HQ guidelines, the cadet will be instructed to return home and not participate in drill activities for 14 days.
- All cadets must fill out and bring an **NSCC Intake Checklist Form** to attend drill. Please print the attached forms, complete, and bring with you to drill. This MUST be an original signed document, no digital forms.
- Parents/guardians should stay on-site until check-in is complete, but remain in their vehicles.
- Any Cadets who meet the initial screening criteria will exit the vehicle, take their sea bag, masks, and hydration equipment, and will be instructed where to go.
- Parents of Cadets who exhibit any COVID or flu-like symptoms during drill shall be notified as soon as practicable.

Procedures throughout the Drill:

OUTDOORS:

- Most of the evolutions will be performed outside when/if possible and conducted at double-arm interval.
- HQ has now authorized a return to group PT. PT will be performed outside, at a distance of at least 12 feet for stationary exercises and 25 feet for running. No PT exercises will be performed that require a partner or physical contact with another cadet.
- Sanitation stations will be located outside.
- Head breaks – will be scheduled in small groups throughout the day; each group will also be considered their own cleaning contingent and must clean up after their group; disinfectant supplies will be in the head and supplies available for each group attending the head. Cadet staff will supervise.
- Cadets will not share hydration packs, water cups, or any other item of equipment with any other cadet or adult.
- Heat exhaustion precautions will be taken when necessary.

INDOORS:

- Any evolutions taken indoors will be designed in assigned groups of 10 or fewer as appropriate to the indoor training to be provided. Social distancing of 6' shall be practiced while indoors in all possible circumstances.
- Weather – should weather require all cadets indoors, unit offices will be prepared to locate all cadets in designated locations throughout the unit offices that permit for 6' of distance.
- All indoor spaces will be cleaned and disinfected regularly and conducted in accordance with national guidelines.
- Sanitation stations and hand washing will be required at the end of each evolution and prior to dismissal; no more than two cadets in the head at one time.
- All cadets will follow the entry and exit directional instructions while indoors.

Dismissal:

All cadets will report to the handwashing station and wash and sanitize before having contact with parents/rides or entering their vehicles.
